Dan, Angela and Lisa,

Thank you for your guidance over the past several months regarding the Swinomish Tribal Indian Community's What's Upstream public information campaign about non-point source pollution. We have reviewed your thoughtful suggested edits to our content, and have incorporated many of them in the final versions of text for the website and the letter to elected officials, which you will find attached.

The updated website will go live by the end of October, and, we believe, is stronger as a result of your team's input. Thank you again for your assistance and support of this important ongoing project.

All the best,

Marty
